Angra 3 Project

Service C | Mattos Filho

# Technical Market Sounding

## Scope

**Scope of Service C.** Execution of financial projections and economic-financial evaluation services as well as legal and financial advice and other related products and services necessary to structure and implement the model approved by the Council of the Investment Partnerships Program (CPPI) for the construction, maintenance and operation of Angra 3.

**Our scope.**

1

**Legal opinion** related to the contracting models of the contractor(s) and financial partner(s).

2

**Risk matrix** for the implementation of the project structuring model.

3

**Public notice** and its relevant schedules (or other bid invitations) for the selection process of the contractor(s) and financial partner(s).

4

**EPC Contract** and its relevant schedules.

# Technical Market Sounding

## Contracting Model

		Contracting Model
1	<b>Bidders Participation</b>	Expectation that the proposals will be presented by a consortium of companies.
2	<b>Judgment Criteria</b>	Evaluation of proposals will consider the lowest price submitted among the bidders.
3	<b>Qualification</b>	Only competitors able to meet the minimum qualification requirements provided by ETN for the execution of the works will be entitled to offer their economic proposals.
4	<b>Subcontractors</b>	Contractor will be allowed to partially subcontract its scope of work. It will be forbidden, however, to subcontract all works and/or relevant parts of the works.
5	<b>Prior approval by TCU</b>	According to art. 3, §2 of Decree No. 9,915/2019, the legal and operational contracting model will be submitted to the Federal Court of Accounts (TCU) for prior approval before the competitive selection of contractor(s).
